

LAMINATE FLOORING

For those seeking the beauty of nature with exceptional performance of premium laminate

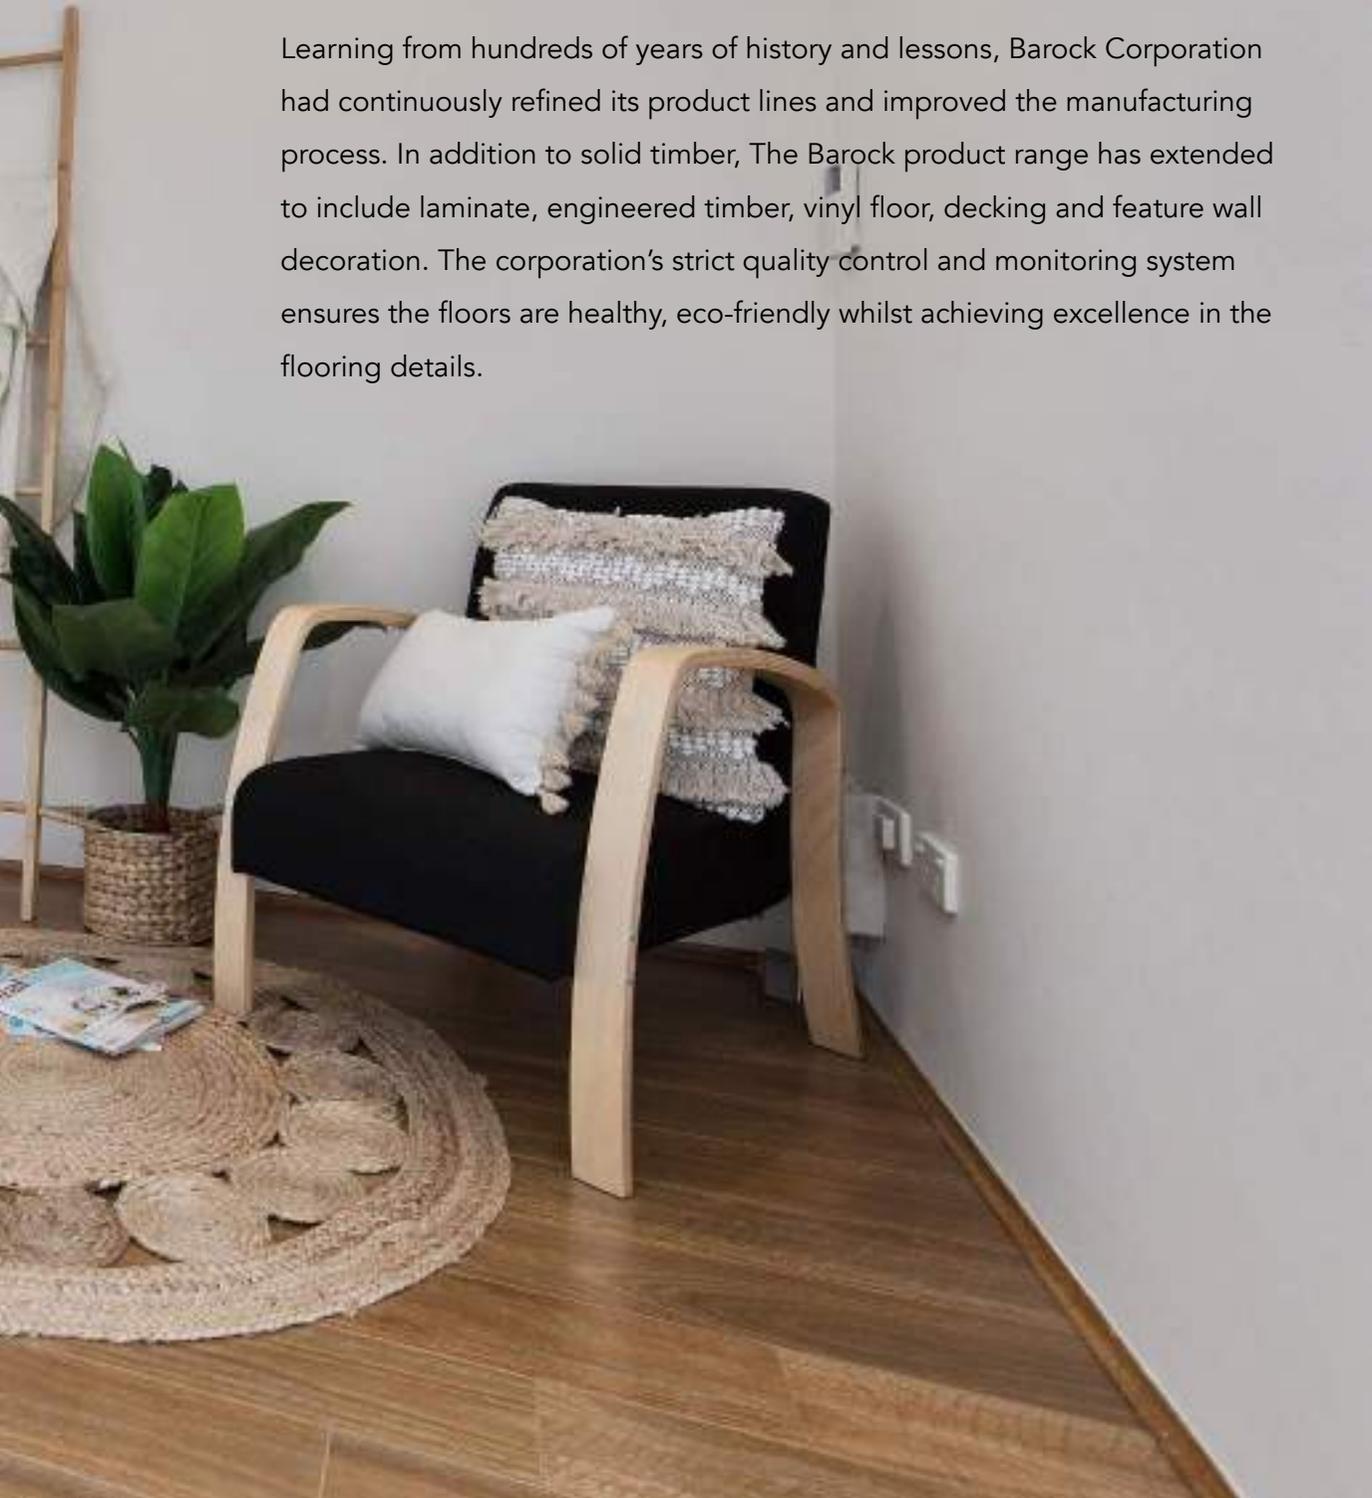

The Barock is a highly ornate and often extravagant style of architecture, art and music that flourished in Europe from the early 17th until the mid – 18th century. The Barock style used contrast, movement, exuberant detail, deep color, grandeur and surprise to achieve a sense of awe. The style began at the start in Rome, and then spread rapidly to France, northern Italy, Spain and Portugal.

In the middle of the 20th century, the timber floor industry had undergone an evolution of style led by Mr. Wayne, the founder of Barack Corporation. The style involved the application of the brush mechanism on the surface of the floor to enhance and highlight its wood grain. The finished timber plank has a textured finish that adds artistic elements to the interior of the house. With this special manufacturing process, each timber plank is unique in itself with no duplication in colors and texture.

Since Ancient time, people have connected beauty with symmetry. However, the Barock style breaks this tradition and celebrates the beauty of irregularity in natural shape. The idea of "Individualism and exclusivity" has become the perfect annotation of the Barock style. The Barock products dominate the timber floor market in the 20th century Europe and the brand strength has rapidly increased during this era.

Learning from hundreds of years of history and lessons, Barock Corporation had continuously refined its product lines and improved the manufacturing process. In addition to solid timber, The Barock product range has extended to include laminate, engineered timber, vinyl floor, decking and feature wall decoration. The corporation's strict quality control and monitoring system ensures the floors are healthy, eco-friendly whilst achieving excellence in the flooring details.

Barock™, the unparalleled advantage

1

Rich and authentic wood Designed in Australia.

2

Different finish are achieved by various service finishes and decor choices.

3

What people said...

Great service, efficient and friendly, and really solid quality laminate floor. I have had the entirety of my holiday rental home layed with a Barock laminate and despite the high turn over of guests, including children, babies and dogs, it is still in pristine condition.

Andrea, Auburn

Great product, great prices, fast installation. Highly recommended.
Don't spend more at the big chain stores, save 50% and get better quality.

Gerry, Castle Hill

Great work. Thanks for all advice and patience when we searched around. Everyone is surprised and satisfied on the effort of timber material and installation... thanks

Carol, Bondi

I'm so impressive of the work OZWood has done to my home! The quality of the floor products are excellent. The craft for the stairs job looks premium. Definitely a value for money choice! Will recommend to friends and neighbours! Thanks so much for the great work and service from your team!

Cicelia, Liverpool

The Barock's laminate boards are great with perfect matching colour. And the layers are even faster than my best expectation. The price is great as well. Thanks for their work.

Warren, Penrith

One of the best timber services in the industry had almost no issues and any minor issues that did arise were solved almost immediately and professionally.

Manickam, Parramatta
